The Certified Intensive English Programme (CIEP) is one of the most popular and most sought-after English programmes in the World. The Programme is ideal for students that have completed a secondary education, who wish to improve their grasp of the English language, before starting at University or in the workplace. Completion of this programme earns graduates a certificate that is recognised by more than 650 universities around the World in place of TOEFL and IELTS.

Students learn how to describe and assess their personal strengths and interests. Knowing this helps students focus on education, career, and life goals. Students can then make effective plans, act on these plans, and change these plans when needed. Students also develop personal management skills needed to succeed in work, learning, and life.

Students develop the skills necessary for effective communication, teamwork, and leadership. Students learn how to get along with others at school, in the workplace, and in the community. Students learn about the importance of understanding diversity and respecting others, and becoming actively involved in contributing to their communities.

About DESIGNING YOUR FUTURE

For students whose proficiency level is 106 and above.

Designing Your Future programme prepares students to make successful transitions to tertiary education and suitable careers.

In addition to the proven Certified Intensive English programme by ELS, the Designing Your Future programme allows students to explore different options based on their skills, interests, and personal characteristics. They will also explore the realities and opportunities of the workplace, and examine the factors that affect success, while refining their job search and employability skills. Lastly, students develop portfolios that focus on a chosen education / career path, and develop an action plan for future success.

Designing Your Future is a complete course combining English language proficiency and soft skills and it features a certified North American / Canadian online instructor. Students can access lessons using computers in ELS centres or their own devices and from anywhere with internet connection.

PROGRAMME STRUCTURE

Designing Your Future is taken in conjunction with the Certified Intensive English Programme (CIEP) and consists of two units.

CIEP

The Certified Intensive English Programme (CIEP) is one of the most popular and most sought-after English programmes in the World.

The Programme is ideal for students that have completed a secondary education, who wish to improve their grasp of the English language, before starting at University or in the workplace. Completion of this programme earns graduates a certificate that is recognised by more than 650 universities around the World in place of TOEFL and IELTS.
